Core elements:

- Eye contact
- Verbal communication
- Touch

A preliminary case study [2] found patients more accepting of care when treated according to the *Humanitude* method.

Teaching Assistant

Automated feedback system for trainees in *Humanitude*

Using data gathered from a skilled practitioner of *Humanitude* we hope to provide useful feedback to a trainee.

Teaching Assistant

Automated feedback system for trainees in *Humanitude*

Using data gathered from a skilled practitioner of *Humanitude* we hope to provide useful feedback to a trainee.

Measuring selected features:

- Posture
- Eye contact/motion
- Facial expression
- Tone of voice
- etc.
